Chempac

Mobile chemist waste listing, packing and collection service

Delivering a total service to take away the risk and uncertainty

Veolia offers Chempac, its specialist chemist service, to provide you with a complete solution for the management of all your packaged wastes including identification, listing, packing, collection and disposal of hazardous and non-hazardous waste.

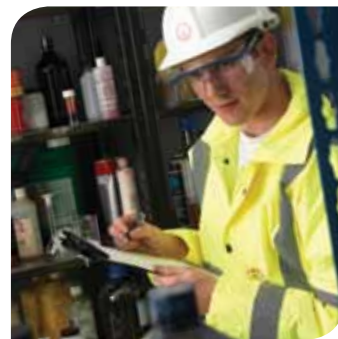

Solutions for everyone

Chempac's solutions meet the needs of a wide range of customers by delivering expertise and resource in one-off or regular collections including:

- Laboratory chemicals from Universities and Schools
- Packaged waste from Civic Amenity sites
- Wastes produced from Manufacturing, Chemical and Pharmaceutical industries
- Small collections of packaged waste from Commercial Businesses

Mobile chemist service

Fully qualified and technically skilled, our experienced Chempac mobile chemist teams safely handle and efficiently dispose of laboratory and packaged chemical wastes. On call nationwide to help you meet all your legal obligations.

Packaged chemical collection service

No collection is too great or small. Chempac supplies the correct packaging for you to store your waste and exchanges these containers on a call-off or scheduled basis.

Trained to the highest industry standards in moving packaged waste safely and correctly, Chempac utilises our extensive fleet of collection vehicles to ensure that your waste is transported and disposed of in full compliance with all regulations.
